KARC is a non-profit organization for radio amateurs (hams) and other people interested in amateur and emergency radio communications. Most members are from the DeKalb, Illinois area. You don't have to be a licensed ham to become a member. Everyone is welcome to the club's meetings held on a second Wednesday of a month (except August and December) at 7 pm. at the American National Bank, corner of Route 23 and Bethany in Sycamore. See you there!

## What hams do:

- help in emergencies, during severe weather, and at public events
- promote Amateur Radio
- improve their technical and operating skills
- provide help and advice to less experienced amateurs
- make friends on the air, both locally and worldwide
- participate in contests
- experiment with new communications techniques such as digital modes, Moonbounce, auroral propagation
- talk to NA1SS/RS0ISS, the International Space Station
- build (or "homebrew") some of their equipment
- simply have fun and enjoy the hobby!

Our trailer and antenna tower at the 2002 Field Day at the Katz Park in DeKalb.
