MyMathLab for NIU Math 110 Students

The Login page for MyMathLab: mymathlab.com

General Instructions

MyMathLab is a website that organizes homework, quizzes, exams and other learning resources for each chapter of the text. It is provided by Pearson Education, Inc., the publisher of the textbook. The program is on Pearson servers, which means that all technical questions must be addressed to them, not NIU personnel.

If you purchased your textbook on campus, it should include an access code to allow you to register for MyMathLab. If you purchased a textbook that does not include an access code, you can buy one from the MyMathLab site.

MyMathLab is accessible over the internet. Unfortunately, it requires a plugin that works only with a PC. It is not available on MAC or LINUX machines. MyMathLab is available in all of the ITS labs on campus, in addition to the Graham Hall Math Lab (GH 235).

Instructions for Registering for MyMathLab

You need to register for the correct course in order to receive any points in Math 110. Here are the Course ID’s for Lance Vobornik’s classes.

Section A  Lecture time: Monday 1 to 1:50 pm in Cole 100
Course ID:  vobornik88631

Section B  Lecture time: Wednesday 1 to 1:50 pm in Cole 100
Course ID:  vobornik28611

Section C  Lecture time: Friday 1 to 1:50 am in Cole 100
Course ID:  vobornik12246

Please use your first and last name as they appear on NIU documents, so that your instructor can be sure to connect your MyMathLab scores with your name on the official NIU grade roll.
Steps to register in MyMathLab (new users)

1) Open Internet Explorer (or Chrome, Firefox or Mozilla)
2) Go to mymathlab.com
3) Under Register, click Student.
4) Enter the Course ID number.
5) Follow the directions to create an account. Use you NIU email address.
6) Click access code.
7) Enter the 5-word access code.
8) Remember to write down your username and password!!!!

You should now be able to log in to MathMyLab and start doing the homework assignments!
